

Polish Association of Structural Integration

March 5 2018

Fifth International Fascia Research Congress

Attn: Libby Eason and Anita Boser

Dear Congress Associates

On behalf of Polish Association of Structural Integration we are pleased and proud to support 2018 Fascia Research Congress which will take place on 14-15 November in Berlin.

With ever-growing interest in manual therapy in Poland we are sure that participation in upcoming event will benefit Polish students. Berlin location of Fifth Fascia Research Congress makes it perfect and easy to travel event for our members and all fascia fascinates.

We are eagerly waiting till November to learn about new research, new insights and concepts that are evolving in world of manual therapy and fascia.

We would like to thank to organizers for their time, effort and enthusiasm and making Fascia Research Congress possible.

Faithfully Yours

Board of
Polish Association of Structural Integration
